e. Collaborative Response Model At PLRS

- Collaborative Response is a school framework that values collaborative, action focused responses, data-informed discussions, and timely support to ensure all students can experience success. Collaborative Response as an organizational mindset to respond to the needs of students, while enhancing the professional capacity and collective efficacy across the entire school or system!
- [Collaborative Response Model](#) (see links on www.plrs.ca under collaborative response model)
- [Our Collaborative Teams](#) (School Support Team - Learning support, Collaborative Planning Team - PLCs, Collaborative team - whole school)
- [Our Process](#) - Meeting structure
- [Our learning success story](#) - Draft

f. Directed Learning / Flex

- We have moved to a 5 Period, 4 day schedule
 - [Bell Schedule](#)
- The first period is called directed learning for junior high as we are directing students to classes. These classes include: homework/organization; extra help class for math, science, social studies, ELA; a wellness block; and computers.
- The first block is called flex for high school as each quarter students will choose which teachers they want to get extra help from.
